INFO. [REDACTED]

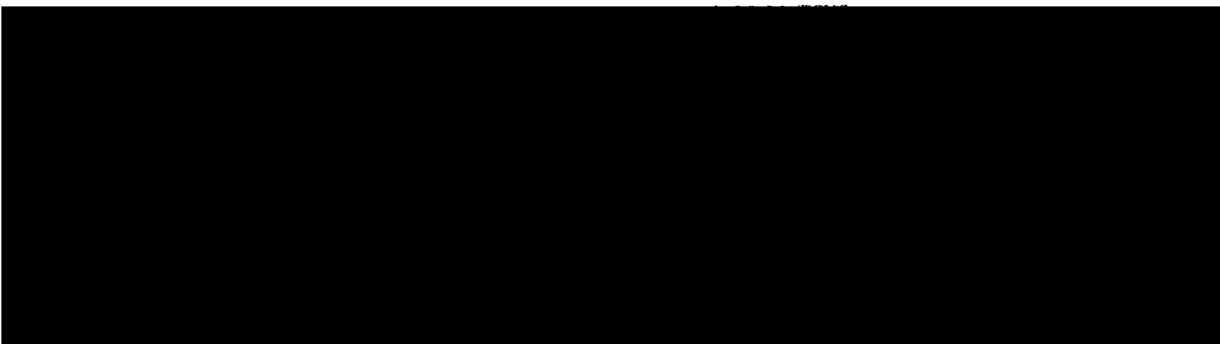

SUBJECT Political Information: Mongol Residents of Mukden
Petition Central Government for Restoration of
Jarim League
25X1C

DIST. 7 January 1948

PAGES 2

SUPPLEMENT

ORIGIN [REDACTED]

25X1X

1. The first document, a mimeographed circular, dated 19 May 1947, addressed to "all Mongol compatriots" and signed by 116 Mongol residents of Mukden made it known that they had requested the Central Government to restore Chelism (Jarim) League under its appointed chief, Ma-mu-chi-le-se-long, instead of leaving it under the control of the provincial government.

2. The second document, the request mentioned above, is in the form of a petition to General HSUEH Shih-hui, at that time Director of the President's Northeast Headquarters. Like most documents originating from Mongols, it reiterated the past and present hardships of the Mongols and gave polite, veiled threats of the alternative of turning to the Chinese Communists for aid.

3. The members of the League indicate that they cannot understand why the League has not been restored whereas other (Mongol) governments have. In discussing these points the petition states:

a. "Let us look, for instance, at Eastern Mongolia. The Chosotu (Joroto) League Government was restored more than a year ago. All banners under its control have been taken over. Local safety has been acquired. This has prevented the Communists from achieving any results. In the case of Chao-wuts (Jaoda) League, which is under the control of your excellency, a government was formally established on 10 February 1947 in Kailu. This has been achieved only through your excellency's capability, which is beneficial to both country and people. The Chahar area in Western Mongolia was restored last year. It was renamed a league, and a league government was formally established in accordance with Article 8 of the Mongolian Self-Government Principle, promulgated by the Central Government. Last spring the Central Government appointed Ma-mu-chi-le-se-long (那木濟勒色楞), chief of Chelism League. Up until this time nothing has been achieved in respect to the restoration of the League, in spite of the repeated appeals of the people."

b. "Let us look at the nine northeastern provinces. Even those which have not yet been restored have already established provincial and municipal governments awaiting the official taking-over. They have never shunned responsibility or become criminals voluntarily. The Chelism League is not an exception."

4. The reasons given for restoring the League may be summarized as follows:
- a. Dangers arising out of constant conflict between Chinese and Mongols in the Mongols.
 - b. The effective propaganda of the Communists in offering self-government to the Mongols.
 - c. The inclusion of the area into the Manch system by the provincial government, Mongolia Government, the central government and their possible value in national defense.
5. The document concludes with a request for immediate dispatch of the appointed chief and a commission of consultation with the Central Government.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50, U.S.C. 31 and 32 as amended. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.
